KNIGHT DIARY

The *Knight Character Diary* is a character information book that is used with *The Sailor Moon Role-Playing Game and Resource Book*. You should use this book if you have created a Knight character; Sailor Scout and Dark Warrior characters have their own separate diaries.

The *Knight Character Diary* features:

- A deluxe 14-page character sheet, with expanded sections on *Knight* powers, magical items, physical traits, character personality, family history, the Sailor Scout team, outlook on life, present and future goals, friends, school, animal guardians, and character advancement.
- Over 40 diary pages on which you can record your character's inner thoughts concerning friends and family, plans for the future, secrets learned during each session, poetry, character sketches, or any other game notes concerning your character. Over 20 pages have special "watermarked" images of Tuxedo Mask, Prince Darien, the Moonlight Knight and King Endymion.
- An opening title page for your character sketch or picture
- Over a dozen black-and-white pictures of the Knights in their uniforms, and their everyday clothes. The pictures can be coloured, cut out, and pasted on the title page (to the left). A blank Knight character has also been included, which allows you to personalize his uniform, appearance, and accessories.

Whether you are playing in a campaign, mini-campaign, or one-shot adventure, the *Knight Character Diary* is the window into your character's soul!
